Patricia Hardenberg  
Etna Library

Dear Ms. Hardenberg:

The Dartmouth Bookstore would like to donate a beautiful and hopefully, in the Etna Library, well-borrowed set of Beatrix Potter books in the memory of Morris H. Hayes. Thanks to his and Ethel's generosity the Etna Library continues to exist in it's present location. I also know from observation that quite often Morris tended to repairs and yardwork at no cost to the Town of Hanover.

Morris Hayes was the epitome of the handy "do-it-yourself" Yankee - brimming with talent and common sense. Our Town is fast losing people like Morris who watched and guided our community into becoming a great place to live and bring up a family. In Etna Morris will be missed by all his neighbors and friends who benefited from his talents and generosity.

Regards,

*Dave*
